Documentation Options				
Full Doc	1yr or 2yrs.	•	<ul style="list-style-type: none"> No documentation submitted should have a social security number. Only ITIN numbers allowed to reflect on documents. ITINs may utilize a written VOE dated within 30 days of funding in lieu of a paystub and W-2s / tax returns, and most recent bank statement that includes ACH / Direct Deposit of payroll as validation to the written VOE. Written VOE completed in full by employer (Verbal verification of VOE also required) verifying most recent one or two years and current YTD earnings on a current pay stub OR Signed 1040's under ITIN numbers for most recent one or two years & current pay stub reflecting year-to-date earnings 	
Bank Statement	Personal / Business Bank Statements (24mo, 12mo)	•	<ol style="list-style-type: none"> Most recent month's personal or business bank statements with all pages is required for all months. Use of up to three (3) accounts' statements is acceptable on a consecutive basis. A borrower may not transition from one account to another and then revert back to the original or previous account statement(s). Income is determined by using the gross monthly amount of deposits. Max six (6) NSF checks in the last twelve (12) months. Loans are not subject to the max number of NSF checks requirement when they are (a) (i) 80% or below LTV and (ii) have a loan amount of \$1,500,000 and below or (b) are approved on a case-by-case by Senior Management. Acceptable documentation supporting the existence of the business for the most recent two (2) years must be obtained. 	
		•	If business bank statements are provided, (including personal bank statements used as a business account), use a maximum of 50%* of the deposits as qualifying income. The qualifying income will be further reduced by multiplying the deposits by the percentage of ownership by the applicant(s). The minimum allowable percentage of ownership is 25% per applicant utilizing the account.	
		•	If personal statements are provided, 100% of the deposits will be used as qualifying income. If it is determined that the personal bank statements are being used as a business account for a sole proprietor business type, then we will treat as a business account and a maximum of 50%* of the deposits will be used as qualifying income. Underwriters should take care to consider the type of business and appropriate haircut to deposits when in their discretion the business has a limited overhead (i.e.: a 1099 employee).	
		•	An LOE from the borrower is required explaining their business name, what their business does, the number of employees, how it is set up (Incorporated, LLC, Sole Proprietor, etcetera), and what they consider their income to be on a monthly basis. If the information for the above items is already located in another part of the file, the LOE does not need to explicitly confirm it.	
		•	A personal account with multiple owners listed at any point in the qualifying timeline of utilized statements must all be on the loan application regardless of individual contributions to the deposits / qualifying income. Limited case-by-case exceptions for account holders to not be on the loan are account holders listed as "Payable On Death" or similar "in trust" (not to be confused with a Trust Account) designations for successor ownership. A business account with multiple owners on the statement does not require all owners to be applicants for the loan.	
		•	When utilizing the 24-month variant of this program with declining income, the lessor of the last 24-months or 12-month documented period will be used for qualifying. * A business expense haircut under 50% may be considered by Underwriter when validated by (i) a CPA Letter that directly states the experienced overhead for Applicant's business AND (ii) Underwriter, in their sole discretion, finds that ratio to be consistent with the Applicant's industry. However, in no instance would a ratio of less than a 25% overhead factor to business statements will be considered.

		•	Borrower (Not Tax Preparer) to complete Borrower Income Questionnaire	
1099	2 yrs.	•	<ul style="list-style-type: none"> Self Employed Borrowers (two-year (2-year) history required by (i) CPA Letter or (ii) Business License); Owner Occupied only No First Time Home Buyers; SFR / Condo / Townhouse Property Types; No rural properties;

If the Applicant's business revenue reflected on the 1099 would have measurable expenses to generate a net income, a 50% haircut would apply. A business expense haircut under 50% may be considered by Underwriter when validated by (i) a CPA Letter that directly states the experienced overhead for Applicant's business AND (ii) Underwriter, in their sole discretion, finds that ratio to be consistent with the Applicant's industry. 	
Asset Depletion	Asset Statement	•	Borrowers with verifiable cash (held in appropriate banking institution) or other liquid assets may use those assets to qualify with a Letter of Explanation defining the source and contemplated depletion of these assets over the course of the loan term to pay obligations. In the event that the borrower has sufficient liquid assets to pay off the loan in full "ATR-in-Full" or "AiF" program, this asset source as fulfilling the DTI / Residual income prong of the ATR test. In that event, Sections for Maximum DTI and Residual Income will not apply. Borrower will need to provide most recent two (2) months assets statements for qualification. Underwriting should take care to consider the minimum amount of funds in the account versus the amount needed for qualification and if the account is being otherwise depleted.	
DSCR		•	If a vacant property is being purchased, qualifying rents are taken from the 1007 or 1025 Appraisal report, as applicable, for qualifying income.
